

2013
River East Transcona School Division
Badminton Tournament Protocol
Grade 7& 8

Coaches please share this information with your badminton team prior to the tournament.

1. The tournament will be a round robin format.
2. All games in the round robin will be 21 point games utilizing the Point-a-rally scoring system. You must win by two points, with a point cap of 25 points.
3. To start the game the two opponents will meet at the net and toss a shuttlecock. The winning side will choose one of the following options:
 - i) to serve or not to serve
 - ii) side of court

The other player or team can choose the remaining option.

4. Players are responsible to make the call on their own side. If you did not see the shuttlecock land you must presume it landed in.
5. **Call out the score after every rally so there are no surprises.**
6. There will be a 5-minute no-show rule. If you go to a court and your opponent does not show, wait 4 minutes and then come to the convener. Return to your court while the convener does a final call for the missing team. If they do not show the team present will win by default.
7. The winning and losing team will report back to the convener with the shuttlecock.
8. If for any reason you have to stop the game you must report to the convener first (injury, court problem with rules etc.)
9. **Coaches please have your athletes wear a school shirt/uniform while playing in the tournament. No baseball caps.**
10. Maximum rest time between games for athletes playing back to back matches is 10 minutes.
11. Spectators are not permitted on the gym floor between the courts.
12. Please remind your students to use the garbage cans.
13. **Coaches – please make sure your athletes know their game numbers!**
